RE: Pete Mine
ACT/037/002

Dear Mr. Menlove:

It has come to our attention that we have no notice of intention on file from you advising us that you are conducting mining operations. Three contacts were made with your office in 1976 but no filing, as required by law, resulted from these contacts.

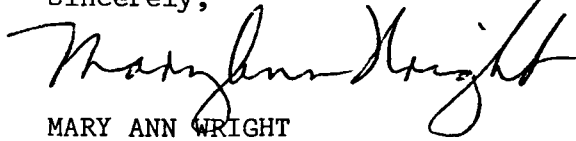

Please be advised that all mining operations active on the effective date of the Mined Land Reclamation Act, Title 40-8-1 (Utah Code Annotated 1953), were required to submit a notice of intention by July 1, 1977. Since this deadline is well past, you are now required to submit a notice within 30 days or be prepared to appear before the Board of Oil, Gas and Mining to explain why you have not done so. Once you have filed, you have the responsibility to obtain an approval of your mining and reclamation plan by July 1, 1980.

As a further matter, if Canyonlands Uranium, Inc. is mining any of the State leases, ML-20403, 23350, 23543, or 32436, which it currently holds, you are advised to contact Mr. John Blake of State Lands immediately. His phone number is 533-5381.
